To whom it may concern,

It is my pleasure to recommend Diego Sanz Rodríguez for any role in cybersecurity or compliance. During his time with ITGix, he conducted essential security assessments and proved to be an exceptional asset to our team.

Technical expertise and compliance

Diego Sanz Rodríguez was tasked with performing rigorous compliance checks against ISO 27001, SOC 2, and NIS2 standards. He demonstrated a deep understanding of these frameworks, identifying vulnerabilities and providing clear, actionable insights to help us meet international security requirements.

Professionalism and character

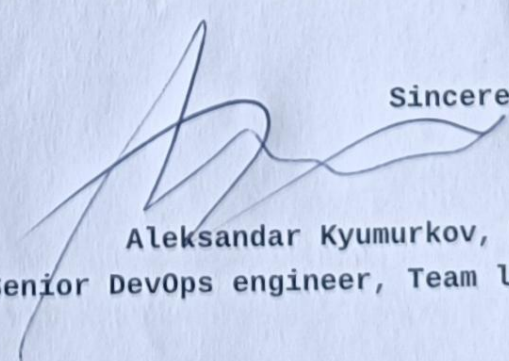

Throughout his 3 month tenure, Diego Sanz Rodríguez worked with a high degree of independence. He is a self-starter who managed his responsibilities with minimal oversight, consistently delivering thorough and high-quality work. Most importantly, he operated with absolute honesty and integrity, which is critical when handling sensitive company data.

Diego Sanz Rodríguez is also a very pleasant person to work with. He communicates complex technical issues effectively and integrates perfectly into our team dynamic.

Conclusion

I highly recommend Diego Sanz Rodríguez for any future endeavors. He possesses the rare combination of technical skill, autonomy, and a collaborative spirit. Please feel free to reach out if you require further details.

Sincerely,
